

**This pantry is switching to an electronic intake process.**

### **Why the change?**

- Faster check-in process for return visits
- Safe and secure information storage
- Drive policy and fundraising decisions with insights from our community
- Help the foodbank and the pantry improve the services we provide

### **Do I have to provide my information?**

You will receive food whether or not you choose to provide your information, but by answering a few questions you ensure that you are represented and help us serve you better.

### **Is my information safe?**

Your information on Service Insights is stored securely on a protected system. The collected aggregated information of our community will be used to enhance our programs to improve the services you receive.

### **Will I have to answer questions every time?**

No, you won't have to answer questions every time. We will occasionally ask you to review and update your information. With Service Insights, your information is stored securely, making future visits faster.
